TECHNICAL SKILLS

- Java, C/C++
- OOPs, SDLC
- Spring Boot, MVC, JIRA
- HTML, CSS, Bootstrap
- SQL, Databases
- JavaScript
- Data Structures & Algorithms

FRAMEWORKS/TOOLS

Git & GitHub • VSCode • Eclipse
•JUnit • Android Studio

POSITIONS & ACHIEVEMENTS

- Training & Placement Coordinator
DGI Greater Noida
- Worked as a Leader in a college
Project, DGI
- ET Campus Star -Qualified
India's largest hunt, 2021
- Head Coordinator
AKTU Sports Fest | DGI Gr. Noida

EXPERIENCE

BHAVNA CORP | SOFTWARE ENGINEER

July 2022 - Present

- Worked on Web applications and Client/Server Applications based on Core Spring-boot, MVC.
- Proficient expertise in Core Java, Spring, Hibernate, Maven, MySQL, and connected services.
- Worked on multiple APIs and developed different features in internal tools.

SKILROCK TECHNOLOGIES | SDE INTERN AND TESTING ENGINEER

Feb 2022 - July 2022

- Using the latest technologies and software programs (Java, JavaScript, HTML, CSS), designed and developed various user-friendly websites & apps.
- Developed Tested Web and Android Applications.
- Implemented Test Cases for Web and Android Applications.
- Performed tech stacks like regression, Load, Functional and Exploratory testing.
- Raised bugs ticket on JIRA.

SKILLSBUILD | Web Development Intern

Aug 2021 - Oct 2021

- It is a training for Web Development which is organized by IT Department. In which we learn many things like communication skills, HTML, CSS, Js, and Bootstrap, and also get a certificate.

PROJECTS

GHARELU - A SMART CITY APPLICATION

- Developed a GUI desktop application where I contributed to the development of real-time event tracking as part of a smart city project.
- Key features included a map-based interface for navigation and a translation service for viewing events in multiple languages.
- The project demonstrated my expertise in software development, spring, database management, and user experience design.

BUILD A MOBILE APPLICATION FOR E-COMMERCE AND ONLINE PAYMENT APP

- Used for online purchases and money payments made for a product through a portable electronic device such as a tablet or cell phone.
- Used core Java, Spring boot, HTML, and CSS for UI and adding functionalities.

BANKING PORTAL APP

- Developed a GUI desktop application using Java based on Banking to simplify the management process at a single app.
- Users can access their multiple bank accounts all in just one login.
- Used core Java, Spring-boot, HTML, CSS, and JS. Saves the customers time and effort. Stored, retrieved, and manipulated data.

PORTFOLIO WEBSITE

- Created my portfolio website using HTML, CSS, and Bootstrap and hosted using GitHub.
